Summary

Computer Science graduate with experience in manual and automation testing using Postman, Cypress, and Robot Framework. Currently learning Playwright. Skilled in front-end development and delivering high-quality, user-focused solutions.

SKILLS

Maven, Selenium, Cypress, Postman, POM, JIRA, HTML, CSS, JavaScript, PHP, Test case design, Agile methodology, STLC, SDLC, AIO tests, Jenkins, Copilot, SQL, MongoDB, DBeaver, pgAdmin

EXPERIENCE

ADVARISK

May 2025 – Nov 2025

QA ANALYST INTERN

- Designed test scenarios, test cases, and scripts by reviewing user stories and acceptance criteria for data-driven modules.
- Performed functional, regression, integration, and API testing to ensure high-quality end-to-end workflows.
- Built and maintained automation scripts using Robot Framework (API) and Cypress (UI) to enhance regression coverage and early defect detection.
- Conducted API testing, MySQL/DBeaver database validation, and workflow verification to ensure accurate mappings and schema updates.
- Performed cross-browser and cross-platform UI validation for consistent behaviour.
- Logged and tracked defects in JIRA, supported retesting, and contributed to RCA for faster issue resolution.
- Collaborated with Developers, Data Engineering, and Analytics teams to resolve scraper/API mismatches and ensure seamless scraper → DB → API → UI integration.
- Validated complex state workflows (e.g., Andhra Pradesh) after major mapping and data structure changes.
- Tested IOC and TSR workflows for accurate data retrieval, API responses, and UI stability.
- Supported IOC UI automation and contributed to continuous QA process improvements.
- Gained hands-on experience in test planning, test data prep, Agile ceremonies, and exploratory testing

HM FAB CONSULTANTS

Feb 2025 – May 2025

FREELANCE WEB DEVELOPER [website](#)

- Designed and developed a fully responsive business website for HM Fab Consultants using HTML, CSS, JavaScript, and PHP, with integrated email inquiry functionality. Implemented basic SEO (metadata, alt tags, keywords) to improve visibility and currently maintain the site for performance, security, and content updates. Helped expand the company's online presence and credibility through a modern, SEO-optimized website ([hmfabconsultants.in](#)).

Elite Softwares

Dec 2022 - Feb 2023

INTERN

Built responsive front-end interfaces using HTML, CSS, and Bootstrap, and managed domains and hosting for smooth deployment.
